

Heater Panel

Three Phase Model #1HP3

The **Model 1HP3** control panel is designed to control a heater for process heating applications. It contains a large digital temperature controller and mercury contactor with a mechanical contactor as safety back up.

Features

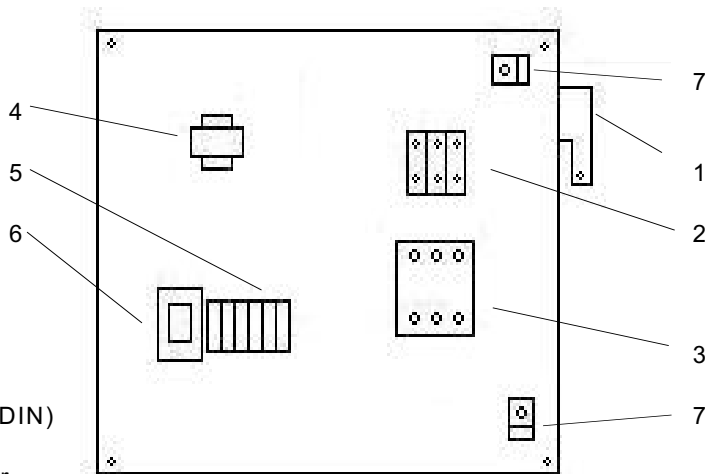

- Main disconnect included
- Complete with installation instructions
- Expedited shipping available
- Unlimited options
- Readily available industrial components
- Over temperature alarm included

Benefits:

- Complies w/ safety standards
- Easy installation
- Quick lead times
- Built your way
- Ease of service
- Safety backup is standard

Components:

1. Main disconnect, fused
2. Fuses (Class J)
3. Contactor
4. Transformer, 208/230/460V:120V
5. Terminal blocks
6. Control/alarm relay
7. Ground lugs
8. Enclosure NEMA rated
9. OFF/ON switch on door
10. Green power ON light on door
11. Plastic engraved nameplates
12. Digital temperature controller (1/4DIN)
PID Auto-tuning with fuzzy logic
13. Red High temp alarm light on door
